

All students are welcome to enrol in subjects through Open Universities Australia. However, the nature of some subjects means that there may be sensitive material or mature content that could be considered inappropriate for students under the age of 16.

Subject descriptions are available on the OUA website, [www.open.edu.au](http://www.open.edu.au), including information about the topics and textbooks that students will cover.

Sensitive material or mature content may include:

- violence
- coarse language
- drug use and/or
- sex/sexual references
- adult themes
- nudity

Students under 16 wishing to enrol in subjects that contain mature content must complete this form with their parent or guardian and submit it in order for their enrolment to be processed.

For more information, contact a student advisor on 13 OPEN.
