

RMIT OUA B.SCIENCE ALL COURSES - OUA PRAC SCHEDULE 2019

NB: This schedule ignores Subjects with no-prac component.

A full list of RMIT science offerings for the year is available on the OUA web page: <https://www.open.edu.au>

Campus location is chosen to minimise the transportation of equipment & materials between campuses, so OUA prac blocks will generally run on the same campus as the HE equivalent. This does not preclude running Subjects on the alternate campus where a valid reason exists.

PLEASE NOTE: It is the responsibility of Course Co-ordinators to ensure that the designated room is booked for their use.
