Students must complete 14 units to complete the Master of Information Management. The course includes two practicum placements (*) and the opportunity to complete a major research project that allows you to specialise in an area of your choosing with the support of a supervisor.

You may choose to take an interim award of a Graduate Diploma in Information and Library Studies or a Graduate Diploma in Records Management and Archives. If you believe this is possible you should ensure you have completed the first 8 units required of the relevant qualification, as listed in the study plans below.

Please note, that if you commence the Master of Information Management in SP 3, you will not be able to complete the course in 4 years (full-time), due to unit availabilities.

This study plan is for full-time study (2 Units) per study period. For part-time study (1 Unit) in SP1 & SP3, 2017 please commence enrollment in INFM120 only highlighted in red font.
