

P1A Diploma of Engineering Infrastructure (Rail) 2025 course planner

Study plan commencing in semester 1

Semester 1, 2025	Year 1 Core Unit JEE151 Fundamentals of Track Engineering	Year 1 Core Unit JEE157 Associated Infrastructure
Semester 2, 2025	Year 1 Core Unit JEE152 Management and Operations	Year 1 Core Unit JEE156 Turnouts
Semester 1, 2026	Year 2 Core Unit JEE150 Railway Construction	Year 2 Core Unit JEE155 Track Design
Semester 2, 2026	Year 2 Core Unit JEE153 Track Defects and Track-Train Interactions	Year 2 Core Unit JEE154 Track Maintenance and Applications

The Diploma of Engineering Infrastructure (specialisation) requires the completion of **100 credit points** of core units.

Enrolment in this course is available on a part-time basis only due to unit pre-requisites.

Study plan commencing in semester 2

Semester 2, 2025	Year 1 Core Unit JEE152 Management and Operations	Year 1 Core Unit JEE156 Turnouts
Semester 1, 2026	Year 1 Core Unit JEE151 Fundamentals of Track Engineering	Year 1 Core Unit JEE157 Associated Infrastructure
Semester 2, 2026	Year 2 Core Unit JEE153 Track Defects and Train-Track Interactions	Year 2 Core Unit JEE154 Track Maintenance and Applications
Semester 1, 2027	Year 2 Core Unit JEE150 Railway Construction	Year 2 Core Unit JEE155 Track Design
