

# Open Microcredentials Development Grant Application Form

## Important Information

This Application Form is intended for use by Open Universities Australia (OUA) partner universities to apply for OUA's Rapid Development Funding (RDF).

This Application Form is only to be used for the Open Microcredentials Development Grant.

The Open Microcredentials Development Grant is available to assist universities in fast tracking the development of shorter learning options which will be marketed as OpenCreds and made available via the OUA marketplace.

Universities are invited to apply for the Open Microcredentials Development Grant with the freedom to develop credentials in line with their university strategic objectives.

To access the Open Microcredentials Development Grant applicants will need to demonstrate the funds will be used to develop new microcredentials that:

- Are 50–150 hours of accredited or unaccredited learning

Funds are limited and are made available annually. FEE-HELP is not available for these microcredentials.

OUA and OpenLearning will consider all applications for funding on a case by case basis.
